# THE CHOICE OF A ETERNAL CHAMPION

THANK YOU PAULO, FOR BEING  
PART OF OUR FAMILY

*Em 2005 nasce a CrossPro, uma empresa que se dedica a produção de protecções e acessórios para veículos de 2 e 4 rodas. A paixão e conhecimento dos seus fundadores sobre a modalidade e mecânica, permitiram um rápido e sustentável crescimento da CrossPro.*

*Rapidamente, a CrossPro alcançou na Europa uma respeitável reputação pela produção e desenvolvimento dos seus produtos, as soluções oferecidas permitiram alcançar novos mercados e actualmente assegurar a presença a nível mundial em mercados muito distintos, mas ao mesmo tempo tão exigentes como o Europeu.*

*Os nossos produtos são fabricados na nossa unidade fabril em Portugal, sendo submetidos a um rigoroso controlo de qualidade para assegurar a qualidade dos produtos oferecidos. A aposta na melhoria contínua dos nossos produtos e processos, conferem aos produtos que oferecemos uma diferenciação no mercado.*

*Todos os produtos da CrossPro são submetidos a testes em condições extremas, o que nos permite obter o produto final adequado ao consumidor final, sendo ele profissional ou amador, garantindo um máxima performance.*

*Apostamos no aumento da nossa gama, estando atentos as novas tendências dos mercados, procurando antecipar as necessidades dos nossos actuais e potenciais clientes, desenvolvendo novas soluções para estes.*

*A nossa gama ao longo da nossa existência tornou-se cada vez mais ajustada ao consumidor e as suas exigências, o feedback do cliente ajuda-nos a melhorar e ajustar o produto.*

*A mudança de instalações em 2017, agora com 5000m<sup>2</sup>, aliada ao investimento em nova maquinaria (corte a laser, célula de solda robotizada, maquina de lixar por planos, unidade de pintura Eletróstática, entre outras) bem como o Know-How, permitiu ainda a CrossPro entrar em novas áreas de negócios, aumentando as nossas valências como metalomecânica e produtores dos mais variados produtos.*

*CrossPro é sinónimo de qualidade para o cliente.*

In 2005 CrossPro was born, a company dedicated to the production of protections and accessories for 2 and 4 wheel vehicles. Their founders' passion and knowledge of the sport and mechanics allowed CrossPro to grow rapidly and sustainably.

CrossPro quickly achieved a respectable reputation in Europe for the production and development of its products, the solutions offered have made it possible to reach new markets and today ensure a worldwide presence in very different markets, but at the same time as demanding as the European market.

Our products are manufactured in our factory in Portugal and are subject to strict quality control to ensure the quality of the products offered. The bet on the continuous improvement of our products and processes, give the products we offer a differentiation in the market.

All CrossPro products are tested under extreme conditions, allowing us to obtain the final product suitable for the end consumer, whether professional or amateur, ensuring maximum performance.

We focus on increasing our range, being aware of new market trends, seeking to anticipate the needs of our current and potential customers, developing new solutions for them.

Our range over our lifetime has become increasingly consumer-adjusted and their requirements, customer feedback helps us improve and adjust the product.

The change of installations in 2017, now with 5000 sqm, combined with investment in new machinery (laser cutting, robotic welding cell, flat sanding machine, electrostatic painting unit, among others) as well as Know-How, also allowed CrossPro enters new business areas, increasing our skills as a metalworker and producers of various products.

CrossPro stands for quality.

---

*//A CrossPro atenta às tendências, acompanhou o crescimento deste segmento (dual-sports), desenvolvendo Protecções de Carenagem completas bem como Protecções de Motor, que permitem uma protecção total das zonas críticas da moto.*

*As nossas protecções diferenciam-se das da concorrência na matéria prima, o alumínio. As protecções de alumínio oferecem vantagens como:*

*•Preocupações ambientais são um dos temas mais sensíveis da actualidade a diferença substancial de peso das nossas protecções, leva a uma redução de consumos e desgaste da moto.*

*•Maior leveza, aumenta performance e segurança da sua condução*

*•Não oxida, a sua protecção manterá a cor e aspecto novo por mais tempo*

*•Personalização, um leque de cores disponíveis que lhe permitirá ter a protecção a seu gosto*

*Além das protecções referidas, a CrossPro está a desenvolver para estes modelos uma linha de acessórios de protecção de zonas mais sensíveis, com um design discreto mas com a máxima protecção.*

*Os acessórios desenvolvidos, combinam alumínio e aço inox para garantir a protecção destas zonas.*

*//CrossPro, keeping up with the trends, followed the growth of this segment by developing complete Crash Bars as well as Engine Guards that allow full protection of critical areas of the motorcycle.*

Our protections differ from the competition in the raw material, the aluminum. Aluminum protections offer advantages such as:

•Environmental concerns are one of the most sensitive issues today, the substantial difference in weight of our protections, leading to a reduction in fuel consumption and motorcycle ridding.

•Increased lightness, increased performance and driving safety.

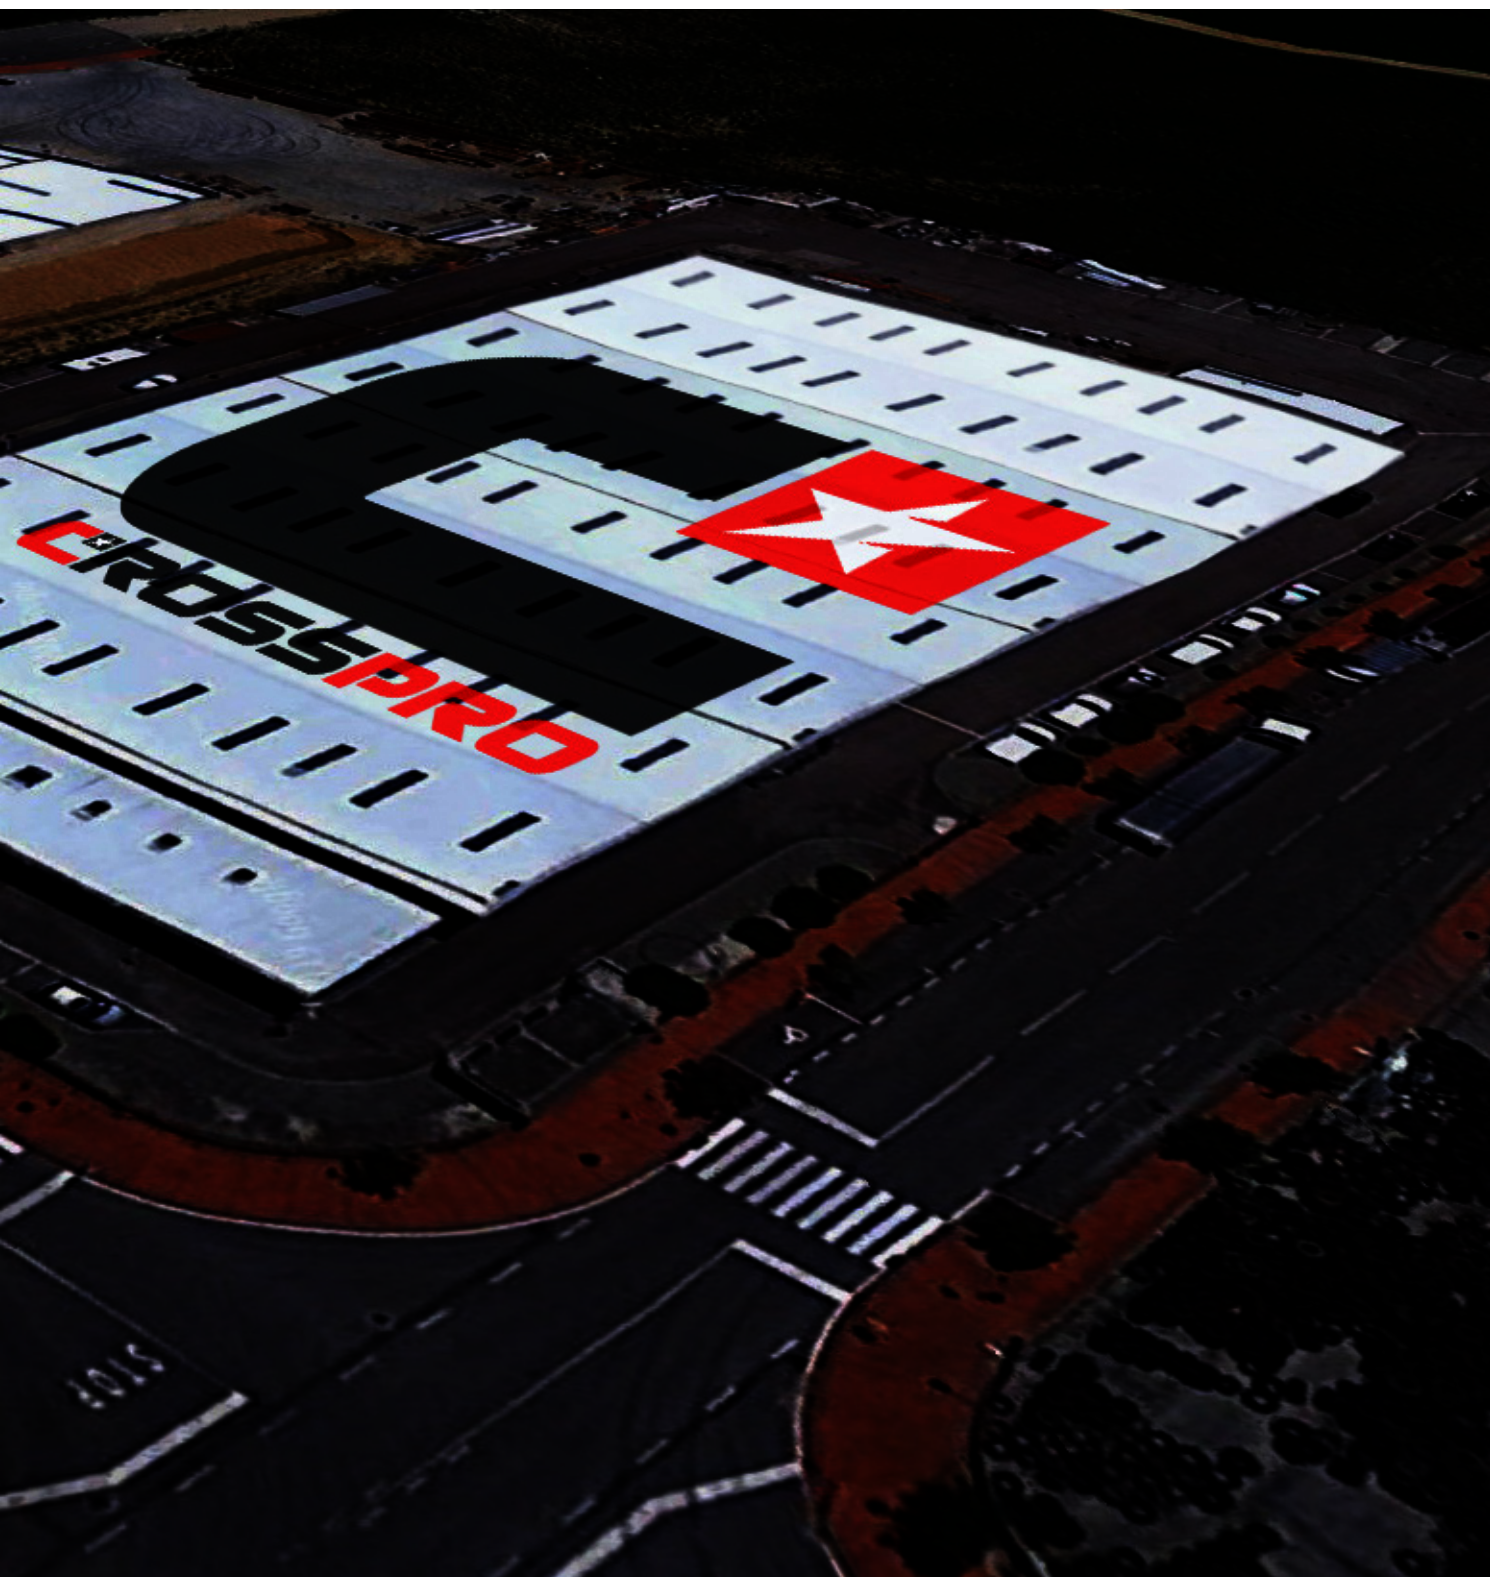

•Does not oxidize, the protection will keep the color and look new longer

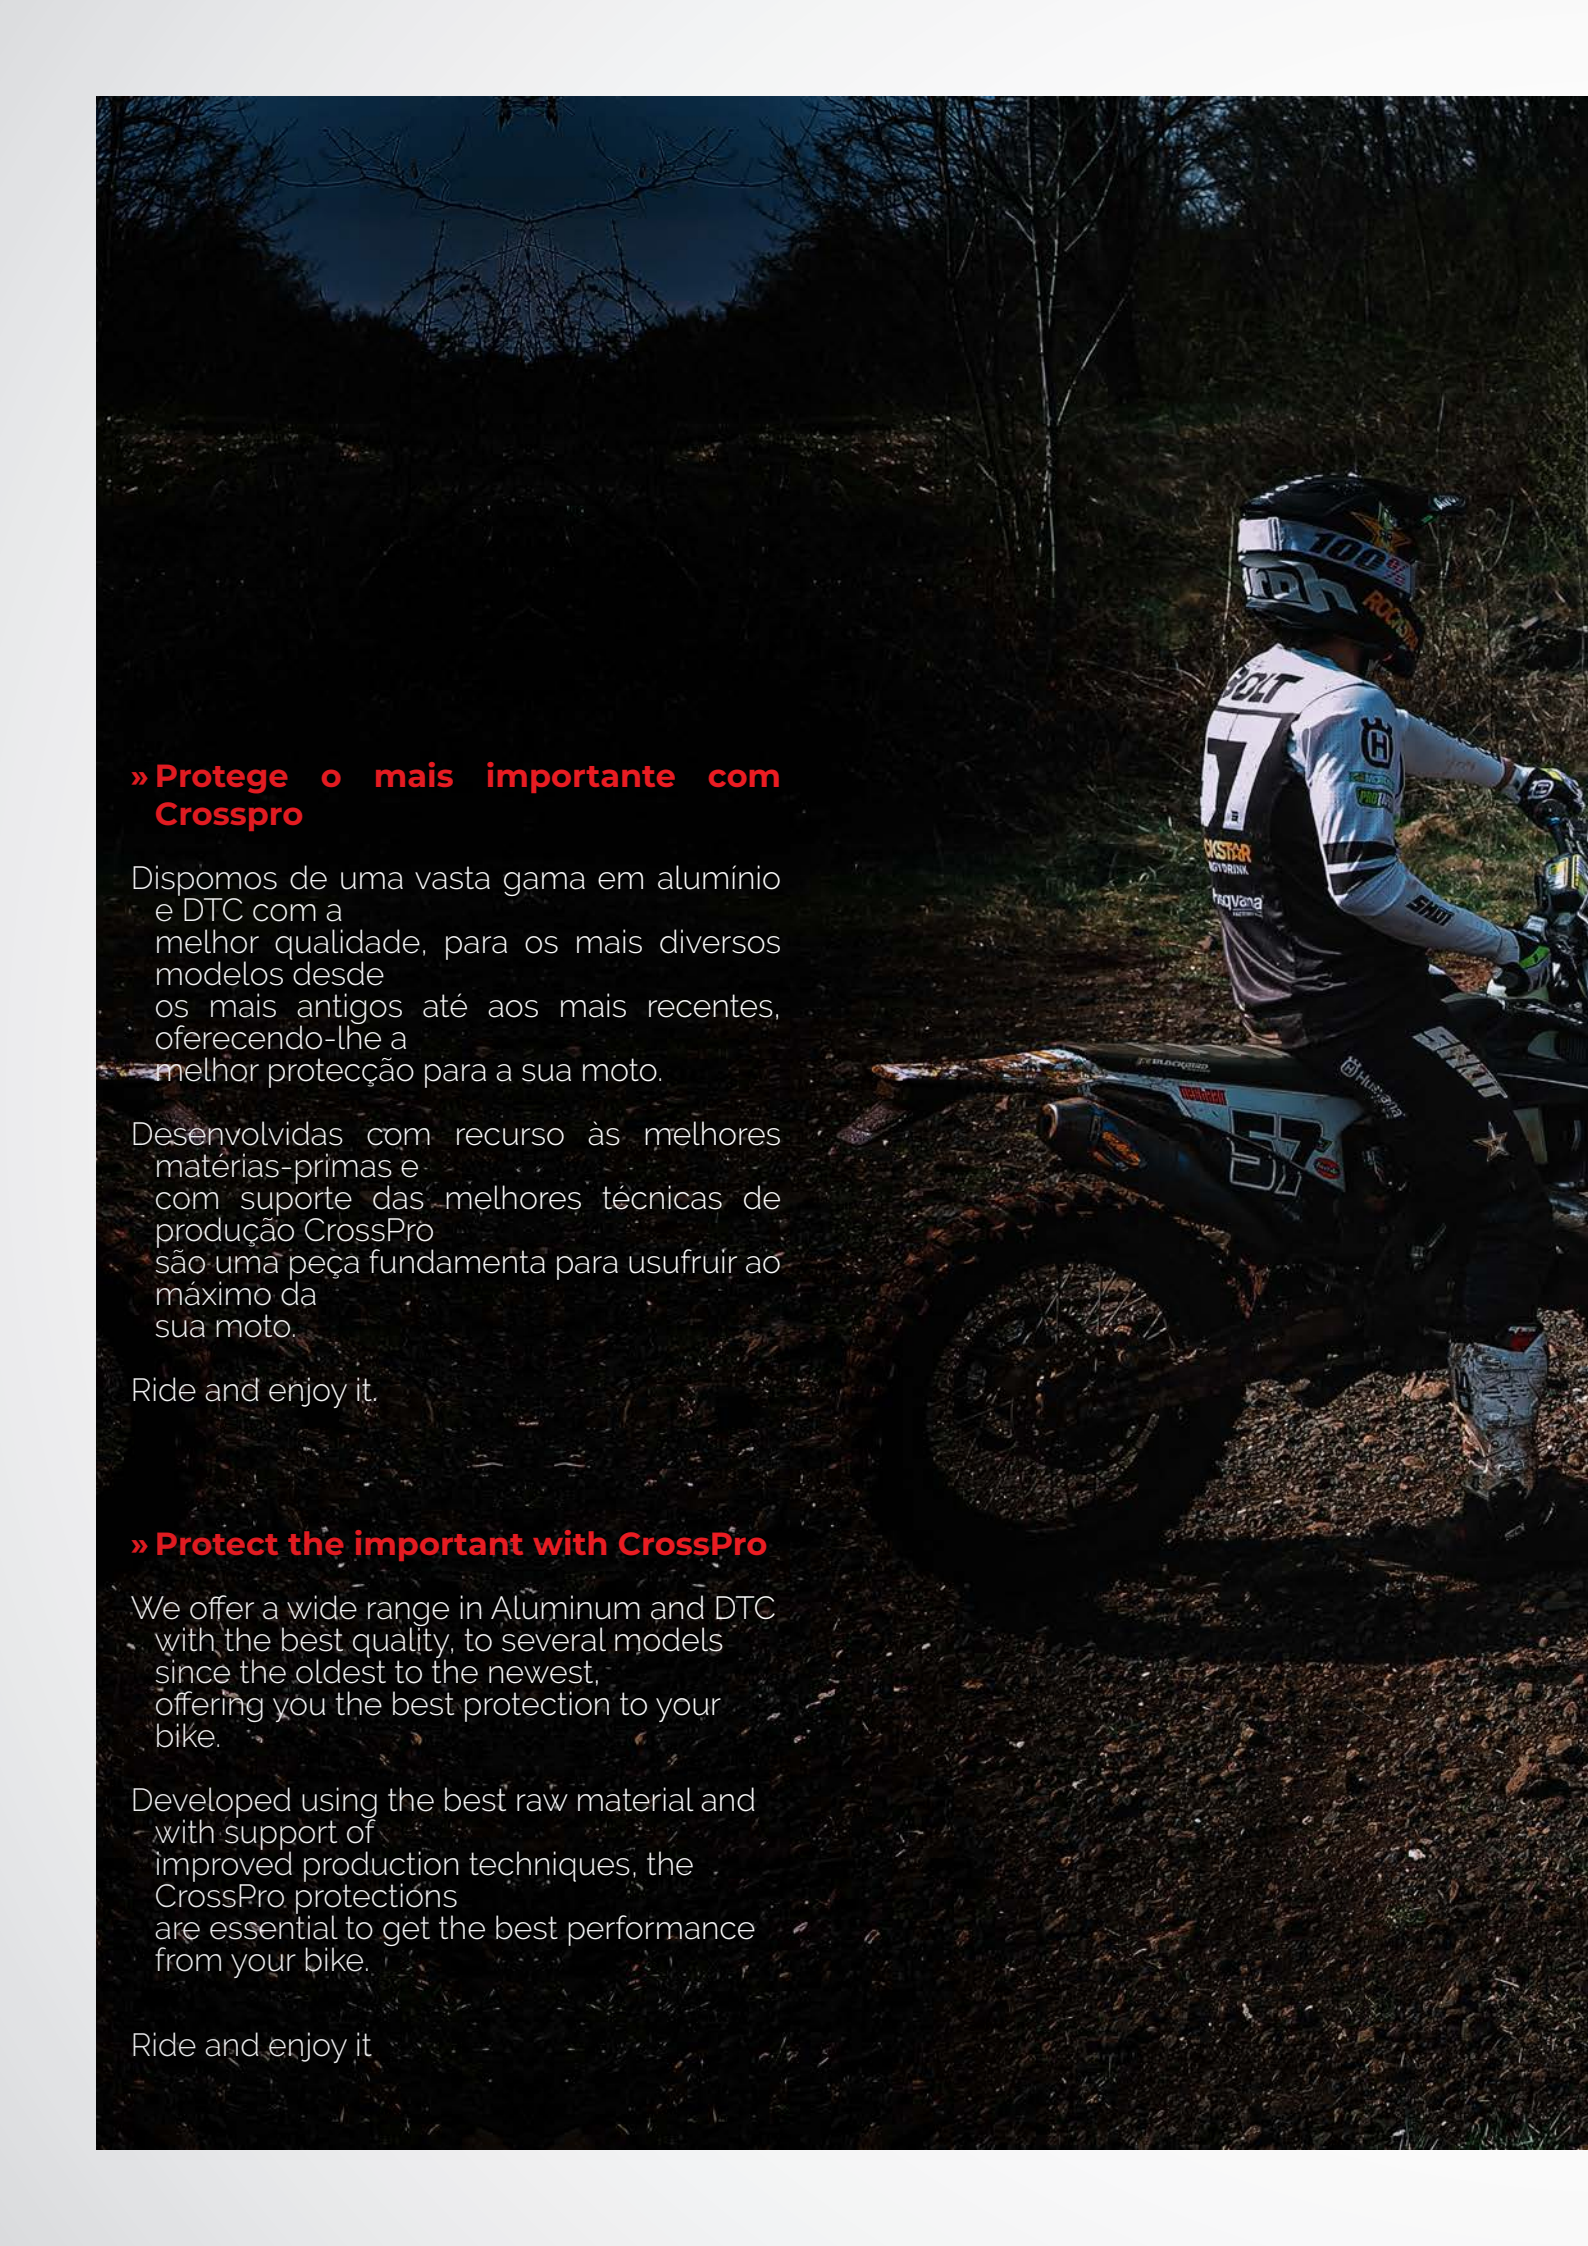

•Personalization, a range of available colors that will allow you to have the protection to your liking.

In addition to the above protections, CrossPro is developing a range of accessories, for the protections of the more sensitive zone of your bike, with a discreet design but maximum protection.

The developed accessories combine aluminum and stainless steel to ensure the protection of these areas.

**» Protege o mais importante com Crosspro**

Dispomos de uma vasta gama em alumínio e DTC com a melhor qualidade, para os mais diversos modelos desde os mais antigos até aos mais recentes, oferecendo-lhe a melhor protecção para a sua moto.

Desenvolvidas com recurso às melhores matérias-primas e com suporte das melhores técnicas de produção CrossPro são uma peça fundamenta para usufruir ao máximo da sua moto.

Ride and enjoy it.

**» Protect the important with CrossPro**

We offer a wide range in Aluminum and DTC with the best quality, to several models since the oldest to the newest, offering you the best protection to your bike.

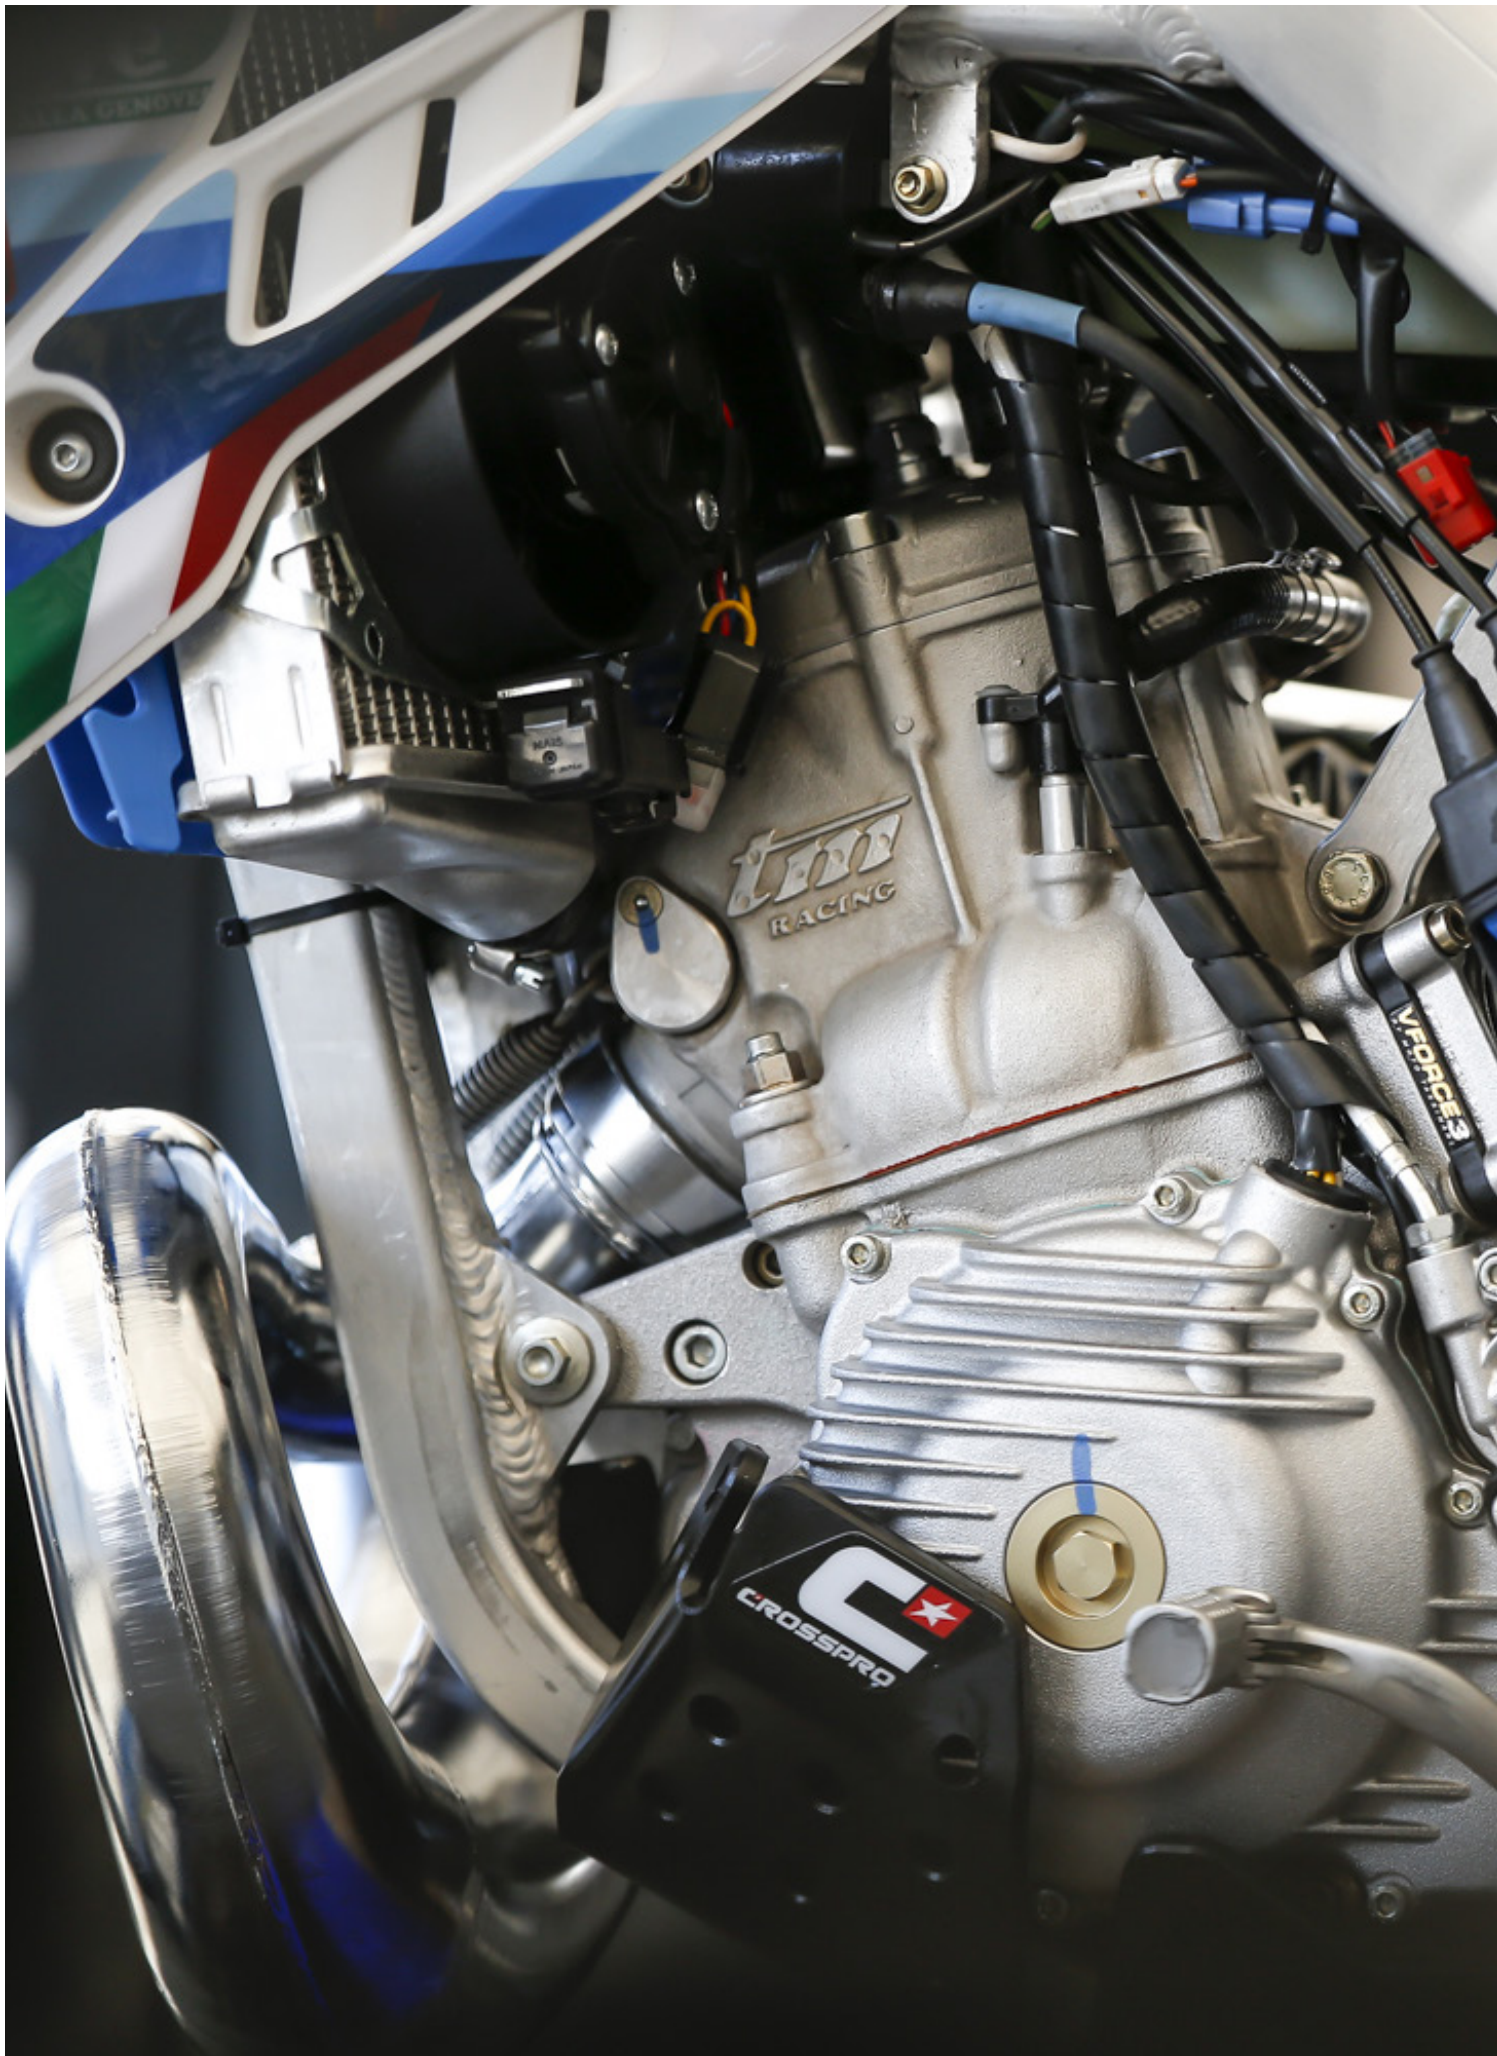

Developed using the best raw material and with support of improved production techniques, the CrossPro protections are essential to get the best performance from your bike.

Ride and enjoy it

Black Preto	Blue Azul	Red Vermelho	White Branco	Yellow Amarelo	Orange Laranja

#### **Proteções de motor DTC com proteção de link reforçado**

A máxima exigência dos nossos clientes, as novas tendências e a filosofia de melhoria contínua, naturalmente levaram ao upgrade das protecções de DTC desenvolvidas.

A nova protecção, além do reforço da zona do link, tem um reforço nas zonas do quadro, aumentando a protecção da sua moto.

- Extra protecção na zona de link, agora com 12mm que reforçará a protecção desta zona sensível da sua moto
- De fácil aplicação, pode remover ou colocar ajustando a protecção à exigência de cada corrida
- Protecção ajustada e adequada a corridas com mais obstáculos
- Removível e de fácil substituição

#### **DTC HARD engine guard with link reinforcement protection**

The maximum demand of our customers, the new trends and the philosophy of continuous improvement, naturally led to the upgrade of the developed DTC protections.

The new protection, in addition to strengthening the link area, has a reinforcement in the areas of the frame, increasing the protection of your bike.

- Extra protection for the link, now with 12mm that will reinforce the protection in this sensible part of your bike
- Easy to apply, you can remove or putt adjusting the skidplate to the "hardness" of each race
- Protection adjusted to races with more obstacles
- Removable and easily replaceable

# RADIATOR GUARD ALUMINUM

•2CP060\_

## Protecções de radiador em alumínio

//As protecções de radiador Light CrossPro foram desenvolvidas para proteger o sistema de refrigeração (a parte mais frágil e importante da sua moto). Não obstrui o fluxo de ar necessário para o devido arrefecimento

//Desenhado como uma espécie de "Concha", a protecção de radiador assegura um perímetro de segurança, sem que os seus pontos de fixação estejam em contacto directo com o radiador. A fixação é efectuada ao quadro da moto.

//Com este perímetro de segurança, os impactos nunca serão transmitidos directamente ao radiador

//Produzidas em alumínio da mais alta qualidade, com espessura de 3mm.

## Radiator aluminum guard

//The CrossPro radiator were specially designed to protect your Cooling System, your bike's most fragile and important component - without obstructing airflow to the radiator

//Designed as a "radiator roll cage", the CrossPro radiator protection secures a perimeter around the radiator, without its fixation points are in direct contact with the radiator

//With this security perimeter, hard impacts won't affect your radiator

//Made by best quality aluminum, with a thickness of 3mm

» Replace the (\*\*\*\*) for the code of the desired color Example: Red Color 2CP06000510007

# CROSSPRO AROUND THE WORLD

A exigência do consumidor, a facilidade com que o mesmo tem acesso à informação obriga a uma constante procura por produtos inovadores assim como pela excelência por parte da CROSSPRO.

Antevendo todas as exigências a que o mercado obriga, assim como os desafios vislumbrados, a CROSSPRO ao longo da sua existência aumentou a sua gama de produtos, levando a uma presença em mais de 40 países. A internacionalização exponenciou as exportações, representando estas cerca de 95% da produção atual da CROSSPRO.

Made by CROSSPRO

The consumer demand, the ease with which it has access to information force a constant search for innovative products as well as excellence by CROSSPRO.

Anticipating all the demands of the market, as well as the challenges envisioned, CROSSPRO has increased its product range throughout its existence, leading to a presence in more than 40 countries. Internationalization expounded exports, accounting for about 95% of CROSSPRO's current production.

for your guards!**

# electrostatic paint process

*A pintura é realizada através da lacagem, que consiste num processo de pintura eletrostático executado com tintas em pó.*

*Este processo bem como o tratamento a que as peças são sujeitas, reforça a protecção anticorrosiva e maximiza a adesão e duração da tinta.*

*No nosso processo de lacagem dispomos de 12 cores diferentes para as suas protecções. Um processo simples, eficaz e resistente*

*Painting is done through lacquering, which is an electrostatic painting process performed with powder paints.*

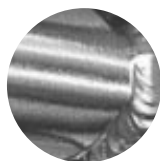

*In the lacquering process, the guards can acquire different colors, we have 12 different colors for your guards.*

*This process as well as the treatment to which the parts are subjected, reinforces the corrosion protection and maximizes the adhesion and duration of the paint and initial color.*

*A simple, effective and resistant process*
