

CROSSPRO

OFF-ROAD

2023

v23.22.11.15

■ ABOUT US

A CROSSPRO, fundada em 2005, é uma empresa que se dedica ao fabrico de proteções e acessórios para o segmento de veículos de 2 e 4 rodas.

A paixão pela modalidade, a noção das exigências pela prática do desporto e o bom conhecimento de mecânica dos seus fundadores posicionaram a CROSSPRO neste segmento de mercado, marca que rapidamente ganha na Europa reconhecimento e reputação, fruto do trabalho e especial cuidado com a qualidade obtida na produção e desenvolvimento dos seus produtos. A constante procura por novas e inovadoras soluções permitiram expandir para outros mercados e atualmente assegurar a presença da marca a nível mundial.

Todo o processo produtivo é feito na unidade fabril com sede em Portugal e com recurso a mão de obra especializada, matéria prima da mais alta qualidade e tecnologia de ponta.

CROSSPRO, founded in 2005, is a company dedicated to the manufacture of protections and accessories for the 2 and 4 wheel vehicle segment.

The passion for motorized sport and the notion of its demands, through the practice of this sport, combined with the good mechanical knowledge of its founders, positioned CROSSPRO in this market segment. A brand that quickly gains recognition and reputation in Europe, the result of hard work and the special care taken with the quality obtained in the production and development of its products.

The constant search for new and innovative solutions made it possible to expand to other markets and currently ensure the brand's presence worldwide.

The entire production process is carried out in the factory located in

Portugal, using specialized labor, the highest quality raw materials and cutting-edge technology.

■ ABOUT OUR PRODUCTS

Os nossos produtos são submetidos a um rigoroso controlo de qualidade e testados em condições extremas, sendo adequados desde o utilizador convencional até ao utilizador profissional de alta competição. Garantem, portanto, uma máxima performance.

A aposta numa melhoria contínua, quer seja pela exigência das novas tendências de mercado, quer pelas necessidades dos nossos clientes, é um fator que nos distingue.

Temos como preocupação as necessidades dos nossos clientes, estando sempre atentos ao seu *feedback*, procurando antecipar e ajustar a nossa gama de produtos.

A mudança de instalações em 2017, agora com 5000m² de área coberta, aliada a um forte investimento estratégico em nova maquinaria, tais como corte a laser, célula de solda robotizada, máquina de lixar por planos, unidade de pintura eletrostática, máquina de dobrar tubo CNC, entre outras, bem como o *know-how* adquirido, projetou a entrada da CROSSPRO para novas áreas de negócio, com novas parcerias e novos desafios, alargando as suas valências no sector metalomecânico para variados tipos de produtos.

Our products are subjected to strict quality control and tested under extreme conditions, being suitable from the conventional user to the professional user of high competition. Therefore, they guarantee maximum performance.

The commitment to continuous improvement, whether due to the demands of new market trends or the needs of our customers, is a factor that distinguishes us.

Our main concern is the customer's needs, we are always in communication and attentive to their feedback, seeking to anticipate and adjust our product range.

The change of facilities in 2017, now with 5000m² of covered area, combined with a strong strategic investment in new machinery, such as a laser cutting unit, robotic welding cell unit, flat sanding machine, electrostatic painting unit, CNC tube bending, among others, as well as the team's know-how, projected CROSSPRO's entry into new business areas, with new partnerships and new challenges, expanding its valences in the metalworking sector to various types of products.

CROSSPRO is, for all these reasons, synonymous of Quality and Reliability.

CROSSPRO é sinónimo de qualidade e fiabilidade.

HARD LINK DTC ENGINE GUARD

• DTC COLOR AVAILABLE:

Proteções de motor DTC com proteção de link reforçado

A máxima exigência dos nossos clientes, as novas tendências e a filosofia de melhoria contínua, naturalmente levaram ao upgrade das proteções de DTC desenvolvidas.

A nova protecção, além do reforço da zona do link, tem um reforço nas zonas do quadro, aumentando a protecção da sua moto.

- Extra protecção na zona de link, agora com 12mm que reforçará a protecção desta zona sensível da sua moto
- De fácil aplicação, pode remover ou colocar ajustando a protecção à exigência de cada corrida
- Protecção ajustada e adequada a corridas com mais obstáculos
- Removível e de fácil substituição

DTC HARD engine guard with link reinforcement protection

The maximum demand of our customers, the new trends and the philosophy of continuous improvement, naturally led to the upgrade of the developed DTC protections.

The new protection, in addition to strengthening the link area, has a reinforcement in the areas of the frame, increasing the protection of your bike.

- Extra protection for the link, now with 12mm that will reinforce the protection in this sensible part of your bike
- Easy to apply, you can remove or putt adjusting the skidplate to the "hardness" of each race
- Protection adjusted to races with more obstacles
- Removable and easily replacable

NERF-BAR

HARD RACING 2.0

•2CP223_

Composição: Alumínio Liga 6061, Inox 304
Características Técnicas:
Tubo Ø 35 mm
Estribos em Inox 304 com 3 mm de espessura

Uma nova geometria permitiu baixar em cerca de 15 mm o Nerf Bar em relação aos outros modelos Crosspro.
Estribos c/ 3 inclinações possíveis removíveis e de fácil substituição.
Baixo Peso, Ultra resistente
Usado por profissionais alta competição

Composition: Aluminum Alloy 6061, Stainless Steel 304
Technical Features:
Tube Ø 35 mm
304 stainless foot pegs, 3 mm thick

A new geometry made it possible to lower the Nerf Bar by about 15 mm compared to other Crosspro models.
Foot Pegs with 3 possible inclinations, removable and easy to replace.
Light Weight, Ultra Durable
Used by high competition professionals

ELECTROSTATIC PAINT PROCESS

 *Indicative weights*
Pesos indicativos

A pintura é realizada por lacagem, que consiste num processo de pintura eletrostático executado com tintas em pó.

Este processo, bem como o tratamento a que as peças são sujeitas, reforça a proteção anticorrosiva e maximiza a adesão e duração da tinta.

No nosso processo de lacagem dispomos de 9 cores diferentes para as suas proteções.

Um processo simples, eficaz e resistente.

The painting is carried out by the lacquering method, which consists of an electrostatic painting process performed with powder paints.

This process, together with a final treatment technique applied to the pieces, reinforces the anti-corrosion protection and maximizes the adhesion and duration of the paint.

With this lacquering process we have 9 different colors for the protections.

A simple, effective and resistant process.

“Painting is done through lacquering, which is an electrostatic painting process performed with powder paints.”

We have 12 different colors for your guards!
