www.crosspro.pt

Em 2005 nasce a CrossPro, uma empresa que se dedica a produção de protecções e acessórios para veículos de 2 e 4 rodas. A paixão e conhecimento dos seus fundadores sobre a modalidade e mecânica, permitiram um rápido e sustentável crescimento da CrossPro.

Rapidamente, a CrossPro alcançou na Europa uma respeitável reputação pela produção e desenvolvimento dos seus produtos, as soluções oferecidas permitiram alcançar novos mercados e actualmente assegurar a presença a nível mundial em mercados muito distintos, mas ao mesmo tempo tão exigentes como o Europeu.

Os nossos produtos são fabricados na nossa unidade fabril em Portugal, sendo submetidos a um rigoroso controlo de qualidade para assegurar a qualidade dos produtos oferecidos. A aposta na melhoria contínua dos nossos produtos e processos, conferem aos produtos que oferecemos uma diferenciação no mercado.

Todos os produtos da CrossPro são submetidos a testes em condições extremas, o que nos permite obter o produto final

adequado ao consumidor final, sendo ele profissional ou amador, garantindo um máxima performance.

Apostamos no aumento da nossa gama, estando atentos as novas tendências dos mercados, procurando antecipar as necessidades dos nossos actuais e potenciais clientes, desenvolvendo novas soluções para estes.

A nossa gama ao longo da nossa existência tornou-se cada vez mais ajustada ao consumidor e as suas exigências, o feedback do cliente ajuda-nos a melhorar e ajustar o produto.

A mudança de instalações em 2017, agora com 5000m2, aliada ao investimento em nova maquinaria (corte a laser, célula de solda robotizada, maquina de lixar por planos, unidade de pintura Eletrostática, entre outras) bem como o *Know-How*, permitiu ainda a CrossPro entrar em novas áreas de negócios, aumentando as nossas valências como metalomecânica e produtores dos mais variados produtos.

CrossPro é sinónimo de qualidade para o cliente.

In 2005 CrossPro was born, a company dedicated to the production of protections and accessories for 2 and 4 wheel vehicles. Their founders' passion and knowledge of the sport and mechanics allowed CrossPro to grow rapidly and sustainably.

CrossPro quickly achieved a respectable reputation in Europe for the production and development of its products, the solutions offered have made it possible to reach new markets and today ensure a worldwide presence in very different markets, but at the same time as demanding as the European market.

Our products are manufactured in our factory in Portugal and are subject to strict quality control to ensure the quality of the products offered. The bet on the continuous improvement of our products and processes, give the products we offer a differentiation in the market. All CrossPro products are tested under extreme conditions, allowing us to obtain the final product suitable for the end consumer, whether professional or amateur, ensuring maximum performance.

We focus on increasing our range, being aware of new market trends, seeking to anticipate the needs of our current and potential customers, developing new solutions for them.

Our range over our lifetime has become increasingly consumer-adjusted and their requirements, customer feedback helps us improve and adjust the product.

The change of installations in 2017, now with 5000 sqm, combined with investment in new machinery (laser cutting, robotic welding cell, flat sanding machine, electrostatic painting unit, among others) as well as Know-How, also allowed CrossPro enters new business areas, increasing our skills as a metalworker and producers of various products.

CrossPro stands for quality.

//A CrossPro atenta às tendências, acompanhou o crescimento deste segmento (dual-sports), desenvolvendo Protecções de Carenagem completas bem como Protecções de Motor, que permitem uma protecção total das zonas críticas da moto.

As nossas protecções diferenciam-se das da concorrência na matéria prima, o alumínio. As protecções de alumínio oferecem vantagens como:

- Preocupações ambientais são um dos temas mais sensíveis da actualidade a diferença substancial de peso das nossas protecções, leva a uma redução de consumos e desgaste da moto.
- Maior leveza, aumenta performance e segurança da sua condução
- Não oxida, a sua protecção manterá a cor e aspecto novo por mais tempo
- Personalização, um leque de cores disponíveis que lhe permitirá ter a protecção a seu gosto

Além das protecções referidas, a CrossPro está a desenvolver para estes modelos uma linha de acessórios de protecção de zonas mais sensíveis, com um design discreto mas com a máxima protecção. Os acessórios desenvolvidos, combinam alumínio e aço inox para garantir a protecção destas zonas.

//CrossPro, keeping up with the trends, followed the growth of this segment by developing complete Crash Bars as well as Engine Guards that allow full protection of critical areas of the motorcycle.

Our protections differ from the competition in the raw material, the aluminum. Aluminum protections offer advantages such as:

- Environmental concerns are one of the most sensitive issues today, the substantial difference in weight of our protections, leading to a reduction in fuel consumption and motorcycle riding.
- Increased lightness, increased performance and driving safety.
- Does not oxidize, the protection will keep the color and look new longer
- Personalization, a range of available colors that will allow you to have the protection to your liking.

In addition to the above protections, CrossPro is developing a range of accessories, for the protections of the more sensitive zone of your bike, with a discreet design but maximum protection. The developed accessories combine aluminum and stainless steel to ensure the protection of these areas.

HONDA CRF 1000 Africa Twin & Adventure Sport 2016-2019

HONDA CRF 1000 Africa Twin & Adventure Sport 2016-2019

Luggage Rack

Optimise the stowage of your luggage on your Africa Twin! The luggage rack, made of 4mm thick aluminium, is precisely laser-machined and virtually doubles the usable surface area of the original Honda luggage rack. The surface of your rack has great optics, the shape adapts elegantly to the motorbike's design. Numerous recesses and slots for straps offer a variety of lashing options. The wide design even offers large pieces of luggage a firm hold. The rack can be fitted quickly and easily.

01

Suporte de Bagagem

Fabricado em alumínio 4 mm, aumenta significativamente a área útil comparativamente ao suporte de origem.

Permite fixar diferentes tipos de bagagem devido às inúmeras reentrâncias e ranhuras para fixar correias

Fácil de instalar

Disponível em diferentes cores

//2CP2220A23 - CRF 1000 Africa Twin 2016-2019, CRF 1000 Africa Twin DCT 2016-2019

//2CP2220B23 - CRF 1000 Africa Twin Adventure Sports 2019, CRF 1000 Africa Twin Adventure Sports DC 2019

Brake Calliper Guard

Protects the callipers against damage

Made in Stainless Steel

Easy to install

Rust-proof with simple maintenance

Available in different colours

02

Proteção da Pinça de Travão da Frente

Protege as pinças de travão contra danos

Feito em aço inoxidável

Fácil de instalar

Não oxida, com manutenção simples

Disponível em diferentes cores

//2CP170023

42

Parking Brake Guard

Protects the parking brake against damage Made in Stainless Steel

Easy to install

Rust-proof with simple maintenance

Available in different colours

03

Proteção do Travão de Parque

Protege o travão de estacionamento contra danos, produzido em aço inoxidável

Fácil de instalar

Não oxida com manutenção simples

Disponível em diferentes cores

//2CP2160023

Dual Clutch Transmission Guard (DCT)

Protects the Dual Clutch Transmission against damage

The stainless steel protection is simple to install, rust-proof with simple maintenance

04

Proteção da Transmissão Dual Clutch

Protege a transmissão da embreagem dupla contra danos (DCT)

A proteção de aço inoxidável é simples de instalar, não oxida com manutenção simples

//2CP2190023

01

02

03

04

Chain Guard

We developed this protection in order to increase the security, it's more resistant than the original part, the chain guard combines stainless steel and aluminium yet is still relatively light

The mounting of the part is based on a "do it yourself" allowing a easy mounting and maintenance

This piece allows you to combine different colours

05

Proteção de Corrente

Desenvolvemos esta proteção para aumentar a segurança, mais resistente que a peça original, a proteção de corrente combina aço inoxidável e alumínio, mantendo um peso bastante reduzido.

A montagem da peça é baseada em "faça você mesmo", permitindo fácil montagem e manutenção

Esta peça permite combinar diferentes cores

//2CP2140023

Rear Brake Fluid Reservoir Guard

Made from laser-cut stainless steel, the brake fluid reservoir guard effectively prevents damage and undesired access to the reservoir lid, yet allowing easily see the fluid level, controlling the necessary maintenance. The protection is mounted using the existing mounting point.

Available in different colours

06

Proteção do Reservatório de Óleo do Travão

Fabricada em aço inoxidável cortado a laser, a proteção do reservatório de fluido de travão previne eficazmente danos e acesso indesejado à tampa do reservatório, permitindo ainda ver facilmente o nível do fluido, controlando a manutenção necessária. A proteção é montada usando o ponto de montagem existente.

Fácil de instalar

Disponível em diferentes cores

//2CP2180A23 - CRF 1000 Africa Twin (All models 2016-2017)

//2CP2180A24 - CRF 1000 Africa Twin (All models 2018-2019)

Chain Guard Fin

This lower protection it's a combination of aluminium/stainless steel, secure your chain guard preventing branches and other objects from knocking the chain of the drive sprocket.

The chain guard fin is stronger than the original plastic item!

Existing fixation points can be used, which makes this chain guard easy to mount at your home.

Available in different colours

07

Proteção Inferior da Corrente

Esta proteção inferior é uma combinação de alumínio / aço inoxidável, protegendo a corrente e evitando que esta saia da cremalheira.

A barbatana de proteção da corrente é mais forte que a proteção original fabricada em plástico!

Pontos de fixação existentes podem ser usados, o que facilita a montagem desta proteção por si mesmo.

Fácil de instalar

Disponível em diferentes cores

//2CP2150023

Side Stand Base Extention

Combines stainless steel and aluminum increase the area of supporting the bike Gives more stability in different types of grounds when using the rest Easy to install Available in different colours

08

Extensão da Base do Descanso Lateral

Combina aço inoxidável e alumínio permite aumentar a área de apoio da moto

Dá mais estabilidade em diferentes tipos de terrenos ao usar o descanso

Fácil de instalar

Disponível em diferentes cores

//2CP2200023

Head Light Protector

Stainless steel headlight protector was design to maximize the protection and at the same time beautify your motorcycle

Easy to install

Available in different colours

09

Proteção do Farol Frontal

Protetor do farol em aço inoxidável foi projetado para maximizar a proteção e ao mesmo tempo embelezar sua Mota

Fácil de instalar

Disponível em diferentes cores

Painting is done through lacquering, which is an electrostatic painting process performed with powder paints.

In the lacquering process, the guards can acquire different colors, we have 9 different colors for your guards.

This process as well as the treatment to which the parts are subjected, reinforces the corrosion protection and maximizes the adhesion and duration of the paint and initial color.

A simple, effective and resistant process

A pintura é realizada através da lacagem, que consiste num processo de pintura eletrostático executado com tintas em pó.

Este processo bem como o tratamento a que as peças são sujeitas, reforça a protecção anticorrosiva e maximiza a adesão e duração da tinta.

No nosso processo de lacagem dispomos de 9 cores diferentes para as suas protecções.

Um processo simples, eficaz e resistente
