INFLATION IN LESS THAN 0.030s

The algorithm's detection time is 30 milliseconds. Combined with an inflation time of 30 milliseconds, the SRG-1 offers you optimum protection in 60 milliseconds. **Twice faster than the blink of an eye!**

THE INFLATOR QUICK AND EASY CHANGEOVER

You can change the inflator yourself in less than 1 min

QUICK DEFLATION

The addition of the ring allows complete systematic deflation in 30 seconds ①

5 INFLATIONS

Before pocket replacement ②

THE IN&BOX: MADE-TO-MEASURE DETECTION! THE TRUE BRAIN OF THE SYSTEM

The In&box contains the sensors and algorithms. With over **1000 analyses per second**, the user's movements are continuously measured. The algorithm enables the system to detect a fall and trigger the airbag's activation based on the nature of the fall.

CONNECTED & EVOLVING TECHNOLOGY

You take part in the development of the algorithms
The more the community rides, the more the algorithms are refined

YOUR SAFETY IS OUR PRIORITY

REPLACEMENT PROGRAM LITE HELMET

Riders' protection has always been our priority at **SHOT RACE GEAR**, for this reason we have decided to set up the "Replacement Program".

The aim is simple: **to enable you to replace a damaged helmet at a lower cost.**

For the SHOT RACE GEAR dealer, this means :

- Brings the customer back into the shop for the sale of the 2nd helmet,
- Provides an opportunity to trigger additional sales,
- Builds customer loyalty to the retailer and the brand.

IN WHICH CASES?

The helmet must have been purchased within the last three years and have been rendered unusable after a motorbike crash.

WHAT ARE THE BENEFITS OF THE "REPLACEMENT PROGRAM"?

We are offering your customer a **30% discount on the purchase of a new helmet from the LITE range** or another SHOT RACE GEAR model of equivalent or higher quality.

HOW THE 30% DISCOUNT WORKS: SHARED EFFORT.

- For **our** part, we offer you an additional 20% discount on your usual purchase price in the form of a credit note.
- For **your** part, you can offer your customer the LITE helmet at a 30% discount on the recommended retail price (inc. VAT). Your margin effort is reduced to 6.5% because it is partly offset by our additional 20% discount.

For more information, please contact your sales representative or our Customer Service department.

HOW CAN MY CUSTOMER BENEFIT?

The "Replacement Program" is simple and consists of 3 stages:

- 1-** Customers must have registered their helmet on the www.shotracegear.com/product-activation website. They can activate it before requesting a replacement if they did not do so at the time of purchase,
- 2-** You complete the replacement request with the customer (form to be downloaded from the After-Sales Service section of our B2B site) and submit it to our services, together with photos and/or videos showing the damage (mandatory for the request to be eligible),
- 3-** Once the request has been validated, you will receive a replacement proposal to send to your customer.
