THE IN&BOX: MADE-TO-MEASURE DETECTION!

THE TRUE BRAIN OF THE SYSTEM

The In&box contains the sensors and algorithms. With over **1000 analyses per second**, the user's movements are continuously measured. The algorithm enables the system to detect a fall and trigger the airbag's activation based on the nature of the fall.

CONNECTED & EVOLVING TECHNOLOGY

You take part in the development of the algorithms

The more the community rides, the more the algorithms are refined

RACE GEAR

IN WHICH CASES?

Your helmet must have been purchased within the last three years and have been rendered unusable after a motorbike crash.

WHAT ARE THE BENEFITS OF THE "REPLACEMENT PROGRAM"?

You will receive a **30% discount on the purchase of a new helmet from the LITE range** or another SHOT RACE GEAR model of equivalent or higher quality.

HOW CAN YOU BENEFIT?

The "Replacement Program" is simple and consists of 3 stages:

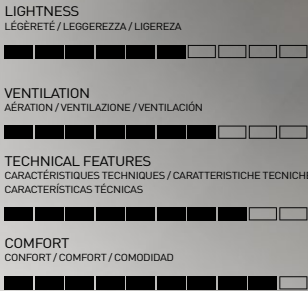

- 1-** Register your helmet at shotracegear.com/product-activation,
- 2-** Contact your SHOT RACE GEAR dealer who will be responsible for submitting your claim to our services. Photos and/or videos of the damage must be attached to the request,
- 3-** Once the request has been validated by our services, you will receive a replacement proposal with a 30% discount.
